

## BALL TYPE SWIVEL ADAPTERS - 8-B SERIES

SuperKlean's new ball type swivel adapters are designed with a 2" long hose barb for a safer and more secure installation, lock O-rings replacing the traditional C-ring, and a built in lever lock ring which minimizes hand fatigue. The 360° swivel adapters prevent hose kinking as well as being ergonomically designed to provide a stress free environment by its ability to rotate with hand movements when dragging hose during normal spray.
